

Dentist in Islington

Exceptional Dental Care in Islington, North London

Looking for a private dentist in Islington for yourself or your family? Blue Pearl Dental Care is a modern private dental practice at 126A Seven Sisters Road, London N7 7NS, conveniently located for patients from Islington and surrounding areas.

Our experienced [team](#) provides general, cosmetic, restorative and orthodontic dentistry, with particular experience in dental implants and Invisalign. Whether you need a routine examination, want to replace missing teeth or are considering treatment to improve your smile, we can help you explore your options.

Your Trusted Private Dentist in Islington

At Blue Pearl Dental Care, we've been delivering personalised private dentistry since 1999, offering patients a calm, welcoming space with truly tailored care. Every treatment begins with an assessment of your oral health and your individual goals, allowing your dentist to recommend suitable options.

Our treatments include:

- Private dental examinations
- Dental hygiene
- Children's dentistry
- Dental implants
- All-on-4 dental implants
- Invisalign clear aligners
- Teeth whitening
- Cosmetic dentistry
- Crowns and bridges
- Dentures
- Veneers
- Restorative dentistry
- Emergency dental care

We are currently accepting new patients and are open Monday to Saturday, 9am to 6pm.

"Finally I found my dentist in London. I actually look forward to my next appointment."

- Rui Mendes

Dental Implants in Islington

If you have one or more missing teeth, [dental implants](#) can provide a fixed solution for tooth replacement. An implant is placed into the jaw to act as an artificial tooth root and can support a dental crown, bridge or denture, depending on your treatment needs.

At Blue Pearl Dental Care, implant treatment begins with detailed assessment and planning. Where appropriate, we use [CBCT 3D imaging](#) to provide detailed information about the teeth, jaw and surrounding bone. This can help our clinicians assess the treatment area and plan implant placement.

We also offer All-on-4 dental implants for suitable patients who need to replace an entire arch of missing teeth. This treatment uses four strategically positioned implants to support a fixed full-arch restoration.

Dental Implant Prices

Currently, our dental implants start from £1,410 per tooth, with implant crowns from £1,380. Additional procedures may be required depending on your individual circumstances and can affect the overall cost.

Your dentist will explain the recommended treatment and associated costs following your assessment.

Invisalign in Islington

If you are considering [Invisalign](#) in Islington, Blue Pearl Dental Care offers clear aligner treatment for patients who want to straighten their teeth discreetly.

Invisalign uses a series of removable clear aligners that gradually move the teeth towards their planned positions. Treatment may be suitable for concerns such as crowding, spacing and certain bite problems, subject to clinical assessment.

Our practice uses iTero digital scanning technology to create a detailed 3D model of your teeth. This can help with treatment planning and allows your dentist to demonstrate a digital preview of your potential smile transformation.

Invisalign treatment at Blue Pearl Dental Care is overseen by our Practice Principal Dr Jesus Orozco, a Diamond Invisalign Provider with extensive experience in clear aligner treatment. His experience and expertise make Blue Pearl Dental Care one of the area's more experienced providers of Invisalign treatment.

Invisalign Prices

Our current Invisalign fees start from:

- Invisalign Express: from £1,950
- Invisalign Lite: from £2,950
- Invisalign Comprehensive: from £3,600

Your final treatment plan and cost will depend on the complexity of your case and the type of treatment required.

Visiting Blue Pearl Dental Care from Islington

Blue Pearl Dental Care is based on Seven Sisters Road in the N7 Holloway area, making us conveniently located for patients travelling from Islington and surrounding North London areas.

Walking from Islington

If you're based around Upper Street, Highbury Corner or Canonbury, walking to the practice may be a convenient option. Head north towards Holloway and Seven Sisters Road, with the practice located at number 126A.

Arriving by Tube

The practice is conveniently located for patients travelling by Underground from Islington and wider North London:

- **Finsbury Park Station** - a convenient transport hub served by the Victoria and Piccadilly lines, with the practice a short walk away.
- **Holloway Road Station** - another option on the Piccadilly line, with the practice accessible by walking from the station.

Bus Routes

Several bus services operate along Seven Sisters Road, with stops located close to the practice. Routes and stopping points can vary, so we recommend checking TfL for the most up-to-date journey information before travelling.

Book Your Appointment
